

Woodard & Curran  
41 Hutchins Drive  
Portland, ME 04102

800-426-4262

**Job title:**

Natural Gas Project Engineer

**Job Details:**

Full-time, regular

**Job Location:**

Dedham, MA

**Job Description:**

Woodard & Curran is a 600-person, integrated engineering, science, and operations company. Privately held and steadily growing, we serve public and private clients nationwide. We consistently rank among the top firms in the U.S., including Engineering News-Record's top 100 environmental firms and top 200 design firms. Woodard & Curran was founded with a simple business concept: if we provide an enjoyable place to work with opportunity, integrity, and commitment, we will attract talented people who thrive and excel at their work.

***Responsibilities:***

We are seeking a project level gas engineer with a Mechanical or Civil Engineering degree who can support and lead natural gas engineering projects, site/civil projects, and support field construction. Having gas or electric utility experience is a plus. The qualified individual will complement the existing natural gas team at Woodard & Curran, and will perform field visits, site walk-throughs and meet with clients while providing gas engineering services. These projects may include local gas distribution company work (LDC), pipeline transmission company work, and LNG & industrial work. The work may also include mechanical and civil piping projects. Work will also include the selection, coordination, and management of subcontractors, cost estimating, and management of the scope, schedule, and budget for various project tasks. Report writing and interaction with project staff, clients and regulatory agencies will also play an important role in the candidate's success.

***Qualifications:***

- Knowledge of and experience implementing programs under the natural gas pipeline Federal, State, and Local requirements
- BS in mechanical or civil engineering, or related discipline
- Masters degree preferred
- 5 + years experience with natural gas engineering projects
- Professional Registration (after 4 years in engineering field)
- Membership in appropriate professional societies
- Excellent computer skills
- Report writing skills are essential

Applicants may apply online at [www.woodardcurran.com/hr](http://www.woodardcurran.com/hr) or fax their resume to 888-761-0944.
