

Woodard & Curran
41 Hutchins Drive
Portland, ME 04102

800-426-4262

Job title:

Natural Gas Project Engineer

Job Details:

Full-time, regular

Job Location:

East Windsor, NJ

Job Description:

Woodard & Curran is a 600-person, integrated engineering, science, and operations company. Privately held and steadily growing, we serve public and private clients nationwide. We consistently rank among the top firms in the U.S., including Engineering News-Record's top 100 environmental firms and top 200 design firms. Woodard & Curran was founded with a simple business concept: if we provide an enjoyable place to work with opportunity, integrity, and commitment, we will attract talented people who thrive and excel at their work.

Responsibilities:

We are seeking a project level engineer who can support and lead utility engineering projects; natural gas projects, site/civil projects, with a Mechanical or Civil Engineering degree. Having gas or electric utility experience is a plus. The qualified individual will assist Project Managers in design and mapping, CAD assistance, utility layouts and relocation work due to third party, and written specifications. The successful individual will perform field visits, site walkthroughs and potentially meet with clients. These projects may include local connection and local distribution to large transmission gas lines; along with mechanical and civil piping projects. Work will also include the selection, coordination, and management of subcontractors, cost estimating, and management of the scope, schedule, and budget for various project tasks. Report writing and interaction with project staff, clients and regulatory agencies will also play an important role in the successful candidate's success.

Qualifications:

- Knowledge of and experience implementing programs under the natural gas pipeline requirements
- BS in civil/environmental engineering, or related discipline
- Masters degree preferred
- 5 + years experience with natural gas engineering projects
- Professional Registration (after 4 years in engineering field)
- Membership in appropriate professional societies.
- Excellent computer skills
- Report writing skills are essential

Applicants may apply online at www.woodardcurran.com/hr
or fax their resume to 888-761-0944.
