

EVALUATORS AND TRAINERS IN OPERATOR QUALIFICATION

The Northeast Gas Association (NGA) has immediate openings for independent contractors to serve as evaluators and trainers in Operator Qualification (OQ).

NGA seeks industry professionals (current or past) with a strong knowledge and background in the natural gas distribution industry. The professionals will be responsible for evaluating field personnel on specific performance based assessment tests. Each individual as an evaluator will be required to show the necessary skills to perform specific performance-based tasks prior to evaluating others.

The candidates will be hired as independent contractors who perform OQ evaluations directly through NGA. Being an independent contractor affords our evaluators the ability to control their own work load. NGA currently uses retired industry professionals as evaluators and trainers. The performance evaluation and training will be conducted in New England, New York, New Jersey, Pennsylvania and Maryland; the travel will be apportioned as appropriate to the selected candidates based on their location, etc.

NGA offers competitive rates and specific reimbursement schedule.

Please send your resume by email to hr@northeastgas.org ; by fax to 781-455-6828; or by regular mail to:

Needham, Massachusetts 02494-2859

The Northeast Gas Association (NGA) is a regional trade association that focuses on education and training, technology research and development, operations, planning, and increasing public awareness of natural gas in the Northeast U.S. NGA represents natural gas distribution companies, transmission companies, liquefied natural gas importers, and associate member companies. These companies provide natural gas to 13 million customers in eight states (Connecticut, Maine, Massachusetts, New Hampshire, New Jersey, New York, Rhode Island, Pennsylvania and Vermont).
