

Technical Training Consultant

New Jersey Natural Gas (NJNG)

Wall, NJ

New Jersey Natural Gas, a subsidiary of New Jersey Resources is seeking a Technical Training Consultant to develop, coordinate, monitor and implement all aspects of operations and maintenance training for the Energy Delivery team, and support other NJR affiliates including Home Services and Marketing as needed.

Major Responsibilities:

- Implement apprentice training programs
- Assess the training needs of the Energy Delivery team
- Ensure all operator qualification requirements comply with our OQ Plan and 49 CFR 192
- Maintain all employee training records
- Maintain and create lesson plans to align with changes in company policies, procedures and standards
- Partner with equipment and material vendors to provide training for employees and contractors
- Collaborate with Safety Department to ensure all employees are trained in accordance with current OSHA requirements
- Conduct supervisory training as needed
- Serve as lead trainer in all new, advanced non-gas related technology improvements
- Serve as lead trainer in bringing the following programs to our company: Videonitch, 360 Camera, new LMS and any future technology acquired
- Act as operations point person regarding all NJNG virtual reality training applications
- Work with GTI and Pixo on all aspects of our new Virtual Reality program. Develop, maintain and implement all new VR modules. Participate in GTI's VR Users committee to research new modules plus any other committee work.
- All other duties as assigned by the Manager of Training and Field Support

Position Specifications:

- Bachelor's degree preferred
- A minimum of 3 years of relevant experience in natural gas operations and maintenance, including pipelines, valves, metering and regulating stations and facilities; commercial and industrial meter sets
- Must possess excellent interpersonal, presentation, and writing skills
- Must be familiar with various personal computing applications, including MS Office
- Natural gas utility experience is highly preferred
- Computer, writing, and speaking skills are required
- Training sessions go beyond the classroom with field travel required

* The above job description is reflective of the primary duties of this position and in no way limits the supervisor from assigning any other duties, responsibilities or initiatives as deemed necessary.

New Jersey Resources is an Equal Opportunity/Affirmative Action Employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, age, gender identity and/or expression, national origin, disability, veteran, or other protected status.
