

Job Posting

Position Title: Manager, Gas Construction	Reports to: Manager, Gas Distribution
Company/Location: NU / Portland	Department: Operations
Starting Salary: \$92,523 to \$115,654 / Annually	

Position Purpose

Responsible for the supervision, planning, scheduling and completion of the Company's capital construction program. Accountable for the effective management of local resources as required to meet the company's mission and goals, while ensuring effective supervision of personnel and equipment for construction, system expansion and replacement of the Company's natural gas distribution system. Accountable for the design and completion of these projects in accordance with company standards, state and federal codes, while ensuring the reliable, efficient, and safe delivery of gas distribution service to customers. Responsible for the planning and scheduling of such projects to ensure timely completion and within acceptable budgetary tolerances. Professionally interact with customers, regulatory authorities, and employees to ensure the company satisfactorily meets their needs.

Qualifications

- Bachelors Degree in Engineering, Business or equivalent work experience.
- 10 years of progressively responsible experience, including proven supervisory experience.
- Must accept supervisory standby on rotation basis.
- Must reside within a specified geographic area and be available for duties during times of system emergencies.
- Must maintain a valid commercial driver's license.
- Must possess Operator Qualification (O.Q.) certification based upon the requirements set forth in D.O.T. 49 CFR 192, Subpart N

Unitil is an Affirmative Action/Equal Opportunity Employer. All qualified applicants will receive consideration for employment without regard to sex, gender identity, sexual orientation, race, color, religion, national origin, disability, protected veteran status, age, or any other characteristic protected by law.
